

BORDER-LOCK IMPRESSION TRAYS CLEARANCE

Introductory Packs and Refill Packs

75% OFF* ALL REMAINING STOCK - WHILE STOCKS LAST!

MOULDABLE DISPOSABLE BORDER-LOCK IMPRESSION TRAYS

The **DENTATE** disposable Border-lock impressions trays were the first semi-customisable disposable impression tray for precise impressions using the monophasic or sandwich impressions technique. Offering an alternative to metal rim-lock trays.

EDENTULOUS disposable Border-lock impression trays fit exactly the same as metal edentulous impression trays, letting you achieve suction-type retention for the lower denture.

AUTOCLAVABLE BORDER-LOCK IMPRESSION TRAYS

The autoclavable trays are made of a strong acrylic that is suitable for sterilisation in an autoclave. Dentate or edentulous.

- Superior tray anatomy due to the Semi Custom shape.
- Higher development of dynamic pressure in the impression material.
- Tray handle and tray body are one piece.
- Wider range of trays to choose from.
- No corrosion
- Long life span

DISPOSABLE TRANSPARENT IMPLANT BORDER-LOCK IMPRESSION TRAYS

Disposable implant trays give you the ability to make final impressions for implants at the chairside. Offering you an alternative for the custom tray. Due to their transparency, you'll be able to see they produce excellent anatomical fits.

- The axis-direction is perfectly visible through the transparent tray.
- The drill holes can be made immediately at chair-side.
- Border-lock impression tray remains rigid.

Disposable Border-lock vs. Rim-lock trays:

- Optimal dynamic pressure due to semi-custom shape.
- A post dam is unnecessary.
- Gives you an immediate final impression in most situations
- 40% savings on impression material.
- No longer necessary to remove adhesive or clean the tray.
- No more expensive metal trays.
- A visibly clear range of trays at a glance.
